Before I was twelve years old, my family lived in the mountains. Our house was far from my school. It took me one hour to walk to school every morning. We spent most of our time playing; the mountains were our playground. I still remember the different kinds of flowers, the songs of different birds, and the colors of trees in different seasons—everything was so interesting and beautiful. Many people like to travel by car. You can make your own timetable(时间表). You can travel three or four hundred miles or only fifty or one hundred miles a day, just as you like. You can stop wherever you wish—at a place where there is something interesting to see, at a good restaurant where you can enjoy a good meal, or at a hotel to spend the night.
